PROFESSIONAL SUMMARY

Customer-focused professional combining retail banking customer service, retail risk analysis and hands-on digital product experience. At Peregrine Solution, I test Betaouse.com, gather user feedback, support service-provider onboarding and verification, and contribute to operational workflows. I bring a process-focused approach to customer issues, product testing and reporting, supported by Excel, Google Sheets and developing SQL skills. Targeting Customer Success roles, with Customer Operations as a complementary specialisation.

CORE COMPETENCIES

Customer Success: Customer onboarding and verification • Complaint handling • Customer issue investigation • User engagement and feedback
Operations & Analysis: Product testing and issue identification • Operational workflows • Reporting and spreadsheet analysis • Risk awareness • Cross-team communication

PROFESSIONAL EXPERIENCE

Customer Specialist | Peregrine Solution — Current
